

Angkor Wat Ruins - Space of Healing

Many heritage is built with the human's wish, after completion, it become a place with human's prayer and soul. Therefore the holiness remains even after year and years go by. As the building gets old and more people visit the place, the more powerful of the spiritual aura it gets. After that time, I had been fascinated with what humans make with wished and prayers.

(Japanese handmade washi print)

○ Print size A3(29.7x420mm)

Mat size 16x20inch (40.6x50.8mm)

Edition 15
