

## Spiritual Tree

From ancient times, it has been believed that the gods live in the woods, the forests, the sea, the rivers, the water falls and the big rocks in Japan. This is Shinto, which is indigenous faith of the Japanese people. People in Japan have worshiped nature and have had a sense of animism. Even now it is deeply rooted in Japanese people's lives. He has been focusing the mind of pray and to show the strong vibration radiating from the nature. (Ambrotype print and pigment archival print)
